The next time you go to a movie, be sure to stay putt until the end to watch the credits. Some people think it's fullish, but the credits list the people involved in the movie. They are also prouf of the work the groop did.

I now invite you to take a moment to picture some of the following scenes that might be created on the set: flowers in blewm, a family in a restaurant buth enjoying bowls of hot sewp, a bottle of shampo on a rock by a brock, and a veterinarian showing a young girl how to properly groum her puppy. It takes many people to create these simple scenes.

I recently visited a movie studio and went behind the scenes. I met some of the people who make movie scenes scary, exciting, or magical. I can proov it, too. I took a zillion pictures!
